

## OFFICIAL OPENING AT 4 P.M.

# Rest Room Doors To Open This Saturday . . .

The Didsbury Lions Club are proud to announce one of their biggest projects, a public rest room in Didsbury, is now completed and will be formally opened at four p.m. on Saturday May 3rd.

This project was first undertaken by the Lions Club two years ago, and while progress at times seemed slow their activities were all directed toward raising the necessary funds to complete the building.

The building is situated on the property immediately south of Leeson Hardware. It is 24 ft. by 24 ft. of cement block construction with automatic gas heating equipment, hot and cold water, wash basins, toilets and a large sitting room for the ladies. The building will now be known as "The Didsbury Community Rest Room," and will be under the control of a new organization to be known as "The Didsbury Community Rest Room Association," who will be given the title to the property.

The Didsbury Rest Room Society is composed of representatives from each of the numerous organizations in the Didsbury community who have contributed so generously toward the financing of this project.

The completion of organizing

and selection of officers for the Rest Room Society will take place in the Lions hall on Saturday, commencing at 2:30 p.m., after which the rest room will be officially opened.

The Didsbury Lions Club wish to take this opportunity to thank the merchants and many individuals in and around Didsbury who have contributed to this project, and a special vote of thanks to the community organizations who have not only encouraged the Lions but have contributed generously toward the completion of the rest room.

These include organizations, east and west of town, among them Springside Ladies' Group, Westdale Willing Workers, F.U.A., Melvin Community Club, Rugby Recreation Society, Westcott Community Club, Elton Willing Workers, the Didsbury W.C.T.U., Zella Community Centre, Didsbury Lutheran Ladies' Aid, Didsbury Ladies' Sports Club, Didsbury Kinsmen Club, Berghall Sewing Circle, Lone Pine Orioles, Mt. View Missionary Society, Lone Pine W.I., Zella W.I., Westcott W.I., Mountain View W.I., Jackson W.I., Didsbury W.I., Bancroft W.I. and Rugby W.I.

## MELVIN NOTES

(From Our Own Correspondent)

The name of Sharon Brinson was inadvertently omitted from the list of entertainers at the 25th anniversary party held last week at Bantry in honor of Mr. and Mrs. Roy McNaughton. Sharon played a piano selection of favorite hymns, which were greatly enjoyed.

Mrs. O. Youngs was a weekend visitor with Mrs. Hugh Morton and family.

George Summers returned home Friday for the summer vacation. He has completed his second year of a veterinary course at Guelph, Ont., and has three years yet to go. We understand this is the last year students of that class will enjoy the summer holiday; in future summers will be spent apprenticeship.

Mr. and Mrs. R. McNaughton entertained on Sunday, April 20th, with a turkey dinner in celebration of their 25th wedding anniversary. Included among the guests were: Mr. and Mrs. R. Gardener of Eagle Hill, Mr. and Mrs. A. Brooks and son of Eagle Hill, Mr. and Mrs. E. F. Morter and Mr. and Mrs. Don Morter and son of Calgary, Mr. and Mrs. Gordon McNaughton of Lacombe, and Miss Viola McNaughton of Wetaskiwin. Incidentally, they all tried out the new TV set, an anniversary gift from the McNaughton children.

## WESTERDALE NEWS

(From Our Own Correspondent)

LAC A. R. Phil and family arrived here Wednesday noon, to spend a five week visit at the home of Mr. and Mrs. F. J. Jackson. Mr. Phil and family have spent the past three years at number Four Fighter Wing at Baden, Germany, and now have been transferred to Basotville, Quebec.

A large number of friends and relatives enjoyed a good evening's entertainment at the hall on Saturday, when LAC A. R. Phil showed his fine collection of slide pictures taken in Germany, Austria, France, Switzerland, Italy and North Africa.

## BIRTHS

IN THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. Roy Nelson of Carstairs, on April 24, a daughter.

To Mr. and Mrs. Aaron Derksen of Didsbury, on April 25th, a daughter.

To Mr. and Mrs. Wm. Edmondson of Carstairs, on April 29th, a daughter.

To Mr. and Mrs. Al Engwer of Didsbury, on April 29, a son.

## LOCAL STORES TO REMAIN CLOSED SATURDAY NIGHTS

At a meeting of the Didsbury and District Board of Trade held Monday night, April 28th, the majority of members decided that store hours should remain as they have been since the first of the year. The 9 p.m. Saturday night closing will not come into effect until September 1st. This falls in line with Olds and other smaller centres in this area.

## W.I. CONSTITUENCY HOLDS HANDICRAFT TEA

The handicraft display and tea held by the W. I. Constituency was held in the High School Auditorium, on Saturday April 26th, and was attended by 164 members.

A keen interest was shown by all constituencies, with the Melvin branch taking the trophy with 78 points.

Miss Helen Howard gave a report on the judges findings which will be a help to the ladies next year.

The Mountain View branch convoked the tea. A great deal of credit is due to all the W. I. members for the efficient work carried on behind the scenes.

## New Phone Numbers In Effect

There have been some changes made in local telephone numbers within the past week: The new switch comes out this way:

Agricultural Service Board — formerly 96, now 326.  
Mountain View Health Clinic — formerly 97, now 327.  
Halliday residence — formerly 98, now 328.  
J. Post residence — formerly 99, now 329.  
Alberta Pacific Elevator — formerly 100, now 330.  
Halliday's Cash Grocery — formerly 101, now 341.  
Jenkins' Groceries — formerly 102, now 342.  
S. J. Moore residence — formerly 103, now 343.  
A Traub residence — formerly 104, now 344.  
Harold E. Oke residence — formerly 105, now 345.  
Mountain View Bible College — formerly 106, now 356.  
Dr. Paul residence — formerly 107, now 357.  
F. Rodway residence — formerly 108, now 358.  
Mountain View M.D. — formerly 109, now 359.

## Civil Defence Plan Set For May 3rd

Mr. William J. Bagnall director of civil defence for the Municipal District of Mountain View No. 49, announced today that a Canada-wide practice alert will be staged as Exercise Co-operation 11, commencing at 9 o'clock a.m. May 3rd, 1958 and continuing thru a 24-hour period to 9 o'clock a.m. May 4th, 1958.

Mr. Bagnall stated that this practice alert is a follow up to the exercise which was held a year ago last, that in addition to the provincial civil defence headquarters, selected municipal civil defence Organizations will also participate.

The municipal District of Mountain View Civil Defence Headquarters, with personnel from Olds Civil Defence Organizations assisting, have been alerted to activate the municipal headquarters for this exercise.

While this is a "practice alert," as much realism as possible will be injected into the exercise and problems of reception of evacuees, radiation monitoring, welfare, medical and rescue aspects of a real disaster will be dealt with. Communications for the exercise will be conducted by a short wave radio as much as possible, through the assistance of various amateur "ham" radio hookups.

A cordial invitation is extended to all interested citizens and residents to visit the municipal headquarters during the 24 hour period.

For the information of all concerned the municipal headquarters is located in the basement of the Municipal Office building, Didsbury.

## A Top Scientist Is Quoted . . .

Editor, Didsbury Pioneer.

Dear Sir:—No disillusionment at all, Mr. Brooke. I have never said or believed that local people held shares in the hail suppression business. My suggestion, half baiting and half serious, that believers in hail suppression form a hail insurance company to offer reduced rates in "protected" areas was recognized by my intelligent opposition for what it was - an invitation to "put up or shut up." He first made a vain attempt to be my pal in an attack on the hail insurance companies. But I'm not attacking them, thank you. Since the first alternative would be financially disastrous, he wisely chose the second.

But we apparently have one who can't understand anything but the bluntest of language and doesn't know enough to do either. Though he would not "prefer rain in Vancouver" he has castigated 75 per cent of the electors as "standing around like a bunch of idiots" for voting "No" or not voting "Yes" on a recent referendum. Such language shows intolerance and realism unparalleled in a country where we have freedom to speak and vote as we see fit.

I shall now let him "hear from some new source of information" as he requests. But if you can't take it, Mr. Brooke, don't read further, for that pseudo-scientific monstrosity which seems to be a cross between an Indian rain dance and an old-fashioned amulet pot, but is sometimes called "hail suppression" is in further debunking. I quote from a report of Andrew Thompson, Canada's chief meteorologist. The original is given to the editor.

"It is exceedingly difficult to evaluate the efforts to reduce hail damage in the Calgary area by cloud seeding. Development of a means for doing so probably awaits more knowledge of the physical processes."

In 1956 the commercial target area seemed to have less hail than would be expected. In 1957 the record on hail losses in the suppression area compared

to the rest of the province was high enough to suggest no suppression was effected."

A recent writer spoke of the "chemical change" that makes a hail cloud. Our chief meteorologist speaks of the "physical process." It was claimed that "top scientists" with much public and private research have the answer. Thompson reveals that we don't really know all the process involved, let alone knowing how to control them. All my opposition for success in 1957 but this impartial scientist says "no suppression."

Since I have only "a little bit of knowledge, worse than none at all" may I be forgiven a little satisfaction in having my opinions corroborated by Canada's chief meteorologist? The letters of the opposition testify to the damage done to the hail suppression myth.

In closing this series I offer commendations to the electors, variously called "quitters," "throwers-in of the towel" and even "a bunch of idiots," for their intelligence in sensing the spurious nature of the project and voting it down.

My sympathies to our Kinsmen friends who bit twice on the same hook, and now must suffer their money literally go up in smoke.

My best regards to my chief opponent, who loyally supported his employers. His performance in conducting up "top scientists" and having them speak words full of sound and fury, signifying nothing, but supposed to mean that silver iodide smoke stops hailstorms was good, but testimony from Canada's chief meteorologist shows it up.

You may choose between the principles I have cited, the evaluation of insurance activities and our meteorologist on the one hand and on the other, the propaganda of the interested company plus claims of farmers who look at the results of 1957 through the rose-tinted spectacles gladly supplied free of charge by the company.

Thanks to the editor. If he doesn't quit publishing letters on top topics his paper may suffer from increased circulation. (Signed) Emerson R. Shantz

## Westcott W.A. Plan Turkey Supper

The regular meeting of Westcott W.A. was held at the church on April 16th, with 15 members and one visitor present.

Mrs. Clair Fischer acted as hostess. Arrangements were made for a turkey supper to be held on June 13th.

An interesting topic on Christian Citizenship was given by Mrs. G. Ford.

For devotion Mrs. R. McNaughton presented the Easter story.

## Golf Notes . . .

No golf was played last Thursday, but eleven ladies braved the cold temperature of the club house and discussed business while they had their tea. This week, it's hoped to hold the first competition, that of lowest score for hidden hole. Next Thursday, May 8th the competition will be the lowest score for even holes.

# T B X-rays To Start Here Friday

## Mounties To Stand Guard . . .

These eight RCMP officers, shown at Montreal Airport, arrived in Brussels, Belgium, recently where they will stand guard at Canada's pavilion at the world

fair. They took along another Canadian symbol, a maple tree, the gift of Trans-Canada Air Lines to the Jardin Botanique in Brussels.

At the last word we hear that over 1700 have registered for the TB X-ray Clinic to be held here on May 2nd, 3rd and 5th.

Those who have registered for this X-ray examination and have received their cards, are requested to attempt to meet the date and time marked on their card.

The unit will be in Didsbury for three days, May 2nd, 3 to 5 p.m. for adults; May 3rd, 9 to 12 a.m. and 2 to 5 p.m. for adults; May 5th, 2 to 5 p.m. for adults.

School children will be X-rayed during regular school hours.

## Subscription Note:

A red line under your name means your subscription is overdue.

A blue line means your subscription is coming due next month. Please pay out of town subscriptions by money order.

## Kin Korner

The Kinsmen Club wish to thank all those who helped in any way to make its first variety show a success. Thanks folks!

Reports to this corner have it that the ticket sales for the Stamped Queen contestant have slowed down. Hope we didn't hear right!

DATES TO REMEMBER:

May 2 — Anniversary night at Melvin, starting at 7:30 p.m.  
May 5 — Regular Kinsmen meeting.  
May 7 — Regular Kinsnet meeting.

## FROM FERTILIZED FORAGE \$15 MORE PER TON!...

Protein is essential for meat and milk production. A ton of unfertilized grass hay contains approximately 100 lbs. of protein. Application of high analysis Elephant Brand Fertilizer can double this figure to give you 200 lbs. of protein in every ton! Most protein feed supplements contain 32 per cent protein, and cost up to five cents per pound. On this basis, the increased protein content resulting from the use of Elephant Brand adds \$15 to the value of every ton of forage... plus extra profits from faster growth and more abundant yields!

See your Elephant Brand Agent for these high analysis products:

AMMONIUM PHOSPHATE	11-48-0	AMMONIUM SULPHATE	21-0-0
AMMONIUM PHOSPHATE SULPHATE	16-20-0	NITRAPHOS (Ammonium Nitrate)	32-5-0
AMMONIUM NITRATE PHOSPHATE	22-20-0	COMPLETE FERTILIZER	30-32-0
AMMONIUM NITRATE PHOSPHATE	27-14-0	ANYTODUS AMMONIA (NH <sub>3</sub> )	82-0-0

### Just For The Record . . .

Tentative dates for the visit here of the TB X-ray troop have been set for early in May. Those who have not received a registration card may pick one up at the town office during business hours. A card is not really necessary but those who carry them will receive priority in the line-up. With or without a card, you can have your picture taken — the reason to have this job done should be quite obvious to all of us.

### Along The Sport Lanes . . .

Not much to report here at the time of writing except that the golfers are away and swinging; the baseball fanatics are getting into gear; the fishermen are starting to check over their equipment and the Kinsmen have early plans for the children's playground. By the way, we've been queried about the 200-pounder we mentioned last week that had a spot of trouble on the 2nd hole at the golf course a week ago Sunday. The story goes this way: The ball rolled down the hill on his second shot; in chasing it (by the way he's a Scotsman), he beat the ball to the bottom of the incline, but he did it the hard way. His score for the hole? Just four broken bones and a sprained ankle. Sounds like par for the course in that division. We won't tell you his name but his initials are J.C. — by gosh their the same as the fella that writes this column. Some coincidence!

### Another Warning To Speedsters . . .

There was one local motorist who appeared in police court here one day last week and picked up an expensive piece of paper for speeding within the town limits. We imagine he'll slow down a bit from now on, but will the lesson carry over to some of the other characters in this area who have a heavy foot every time they get behind a wheel. Have they all got to learn the hard way? Have they got to maim or kill some innocent person before the foolishness of their antics strike home. We hope not — we hope they will take a more sensible approach to the fact that they're carrying a lot of power under the hood of their machine; if the machine under the driver's hat is operating properly there should be no great cause for concern. Let's keep both the motors under control; the ones that work under the hoods of the two machines.

### Don't Hurry, Dear . . .

A widow, ordering a tombstone to be erected in memory of her late husband, insisted that it contain this inscription: "Rest in Peace — till I come!"

YOU SERVE . . .

. . . BY GIVING!

## Guesting Again . . .

### If The Producers Want It, Let Them Have It

We are quite agreeable to the poultry producers getting a second chance at the co-operative egg-marketing scheme. There are no fluoridation arguments to contend with here. If the producer can gain a marketing advantage, we feel they are entitled to it.

Any new system being set up should be of such nature that the weaknesses in the B.C. fruit marketing packs will not be duplicated here. It is comparatively easy to vote away ones freedom of action, and in many cases it is to the individual's advantage to do so, but there should be some recovery clause to fall back on when things go bad.

— Camrose Canadian

### WHAT FEAR CAN DO . . .

We read an authoritative article on the American recession during the week. This observer pointed out the disaster brought about by the fear instilled into the common people by the application of the tight money policy in the States.

Now, he says, the tight money is in the hands of the potential consumer and he is afraid to spend it. . . fearful of the future. There are more savings being built up, there have been more liquidations on behalf of installment purchases, and still the man with the purse full of money will not venture out on the retail market and spend it.

Of course there will be an end to this — and it is hoped very soon. It is a buyer's market and when the consumer is sufficiently tempted he will loosen up the cash.

— Selected

### MAKES SENSE ! ! !

Never mind the business outlook. Just be on the lookout for business.

### NEWLY-WEDS HAVE VISITORS

A large crowd arrived, amid honks, shouts and gunshots at the home of Mr. and Mrs. George Meyers on Saturday night, April 26. The evening's entertainment consisted of community singing with Mrs. Stan McEwen at the piano; there were other piano selections, some games and musical selections by Mr. Norman Tuglie, Mr. Johnnie Fitzworth and Mr. and Mrs. Cliff Eckstrand.

Then Mr. E. Rhinehart called the honored couple forward to a heavily-laden table of gifts and at the same time welcomed Mrs. Meyers to the community.

### WESTCOTT JUNIOR W.I. PREPARE FOR HANDICRAFT DISPLAY AND TEA

The April meeting of Westcott Junior W.I. was held at the home of Mrs. Joe White with all members and two visitors present. Roll call was answered by showing a kitchen gadget and telling of its use.

A short report of the district conference was given by the delegates.

## Midway News

(From Our Own Correspondent)

Mr. Turner presented plans for the new auditorium. There will not be a May meeting of the group. The nominating committee will be at work for the June meeting.

Bancroft W.I. has started work on the plot in front of the school. Trees are to be planted in the near future.

Mr. and Mrs. Edgar Charlton have returned from their yearly trip to the south.

Miss M. Richardson spent a few days at the farm this past week.

Mrs. Bud Hayball and Mrs. A. Stetten. Mrs. Joe White had the Canadian Industries topic and read a very interesting article on "The Other Oil."

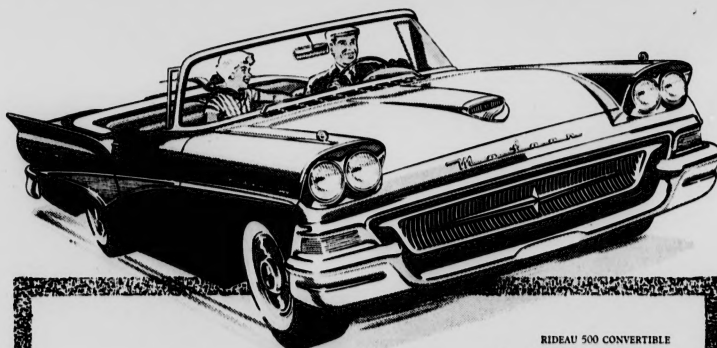

In the fancy tea apron contest, Mrs. A. Stetten took first prize and Mrs. G. Ford second. Some handicraft articles were handed in and discussion took place on the handicraft display and tea to be held on April 26th in the Didsbury school auditorium.

For 1958 Meteor brings you a brand new kind of performance. At legal highway limits Meteor Tempest V-8's literally loaf to achieve the same 'thrust' or pulling power of ordinary engines. This effortless cruising means far greater economy and a reserve of unused power for hair-trigger response should you need it for safer passing. Fewer engine revolutions naturally mean fewer stops at gas stations, and longer engine life. Whether you choose V-8 or '6' Meteor's power and economy is unsurpassed in the low price field. It's another reason why '58 Meteors are the 'Greatest Road Show of the Year'. See your nearby Meteor dealer for a test-drive—today!

## THE Homemakers

By HELEN BOWARD  
District Home Economist

Well here we are in the busy  
spring season again. If the weather-  
man co-operates everyone will be  
in field and garden these coming  
days. And "like-as-not" you won't  
have much time to spend baking.  
So why not mix up this "make your  
own mix" right now and have it on  
hand to whip up something quick  
for dessert.

## Make Your Own Mix

2 cups shortening  
9 cups sifted flour  
1 tablespoon salt  
1/4 cup (4 tablespoons)  
baking powder, double-acting  
like Calumet or Blue Ribbon,  
or phosphate type like magic.  
Combine sifted flour, salt, and  
baking powder. Stir well. Sift in-  
to a large bowl or on to heavy  
paper. Add shortening. Use finger  
tips or pastry blender to distribute  
shortening throughout dry ingredi-  
ents until the mixture resembles  
coarse cornmeal. The "make your-  
own mix" is now ready to use or  
store in a closed canister on your  
pantry shelf.

Shortening must be of the type  
not requiring refrigeration, such as  
Swiftening. In using mix, spoon it  
into cup. Do not sift or pack it.  
Using this as a basis, make these  
tasty desserts:

## Spice Cupcakes

1 1/4 cups "make-your-own-mix"  
3/4 cup brown sugar firmly packed  
1 teaspoon cinnamon  
1/2 teaspoon nutmeg  
1/4 teaspoon ginger  
1/2 cup chopped nuts (or dates  
or raisins)  
1/2 cup sour milk (or 1/2 cup of  
sweet milk with 1 1/2 t. taps  
vinegar)  
1 egg, beaten  
Blend mix, sugar, spices and  
egg. Beat to mix thoroughly. Pour bat-  
ter into muffin pans, lightly greas-  
ed. Fill one-half full. Bake in a  
moderate oven, 35 degrees F. about  
25 minutes. Cool slightly before  
removing from pan.

## Family Cake

2 cups "make-your-own-mix"  
1/2 cup sugar  
1/2 cup milk  
1/2 tsp. vanilla  
1 egg, well beaten  
Blend mix and sugar. Add milk  
and vanilla. Beat until well mixed.  
Add the egg. Continue beating un-  
til well mixed. Pour batter into  
a pan (8x8x2) (bottom rubbed with  
shortening.) Bake in a moderate  
oven, 375 degrees F. about 30 min-  
utes.

## Baked Caramel Pudding

1 1/2 cups "make-your-own mix"  
1/2 cup brown sugar, firmly  
packed  
1/2 cup milk  
1 teaspoon vanilla  
1 cup brown sugar, firmly packed  
3 tablespoons butter  
1 teaspoon vanilla  
2 cups boiling water  
1/2 cup coarsely chopped nuts  
Blend mix and 1/2 cup brown  
sugar. Add milk and vanilla. Mix  
to blend. Spread 1 cup brown  
sugar over the bottom of a pan  
(7x11). Dot with butter. Add van-  
illa and boiling water. Drop the

SERVICE  
BOARD  
NOTES  
— By —  
W. K. SNYDER  
Agricultural  
Service Board

**MORE ABOUT TREES:** During  
the first four days of last week we  
have planted a total of over 21,000  
trees on 15 different farms. I have  
never known trees to be sent out  
from the nurseries so early in the  
season before. They started to  
come on April 19th.

However it is necessary for these  
little trees to be moved and re-  
planted before the buds start to  
swell, if the transplanting opera-  
tion is to be a success. Quite a  
number of people who had ordered  
started or rooted trees are re-  
ceiving cutting instead and they  
are rather disappointed about it.  
Frankly, so am I, as we would  
rather plant a tree that is well  
started than a cutting.

There is such a heavy demand  
for trees that the provincial nur-  
series just don't have enough rooted  
trees to supply the demand and  
hence the reason that some of you  
are receiving the cuttings instead  
of the rooted trees.

It is a fact however that these  
cuttings grow quite rapidly and  
should in the first season reach a  
height of about 15 inches. This  
very cool weather has been ideal  
for this tree planting program, as  
they keep well in the bundles for  
much longer than they would if the  
weather were warm. The roots will  
heat and mold in the tightly closed  
packages in very warm weather. So  
far we have not experienced any  
of that.

If you want us to plant your  
trees with the planter and have  
your name on our list, we will get  
to your place just as soon as we  
can. Be sure to have your ground  
ready and don't hold us up as we  
have a lot to do in a short period  
of time.

## FAMOUS QUOTES . . .

The guy who said there was no  
use crying over spilled milk prob-  
ably only paid eight cents a quart.

Many men make money, but  
money never made a man.

dough by the spoonfuls over this  
sauce. Sprinkle with nuts. Bake  
in a moderate oven, 350 degrees F.  
about 40 minutes.

## Apple Dumplings

1 cup "make-your-own-mix"  
do not pack  
2 tablespoons butter or marg-  
arine  
2 tablespoons hot water  
2 medium apples, pared and  
cored  
2 tablespoons brown sugar  
1/2 teaspoon cinnamon  
2 tablespoons chopped nuts  
Heat the butter in water until  
melted. Sprinkle liquid over the  
mix. Blend with spatula or fork.  
Turn dough out on waxed paper.  
Shape into a ball. Knead three  
times. Chill at least 30 minutes in  
refrigerator. Roll out on lightly  
floured pastry cloth or board into  
rectangle (12x8) inches. Cut into  
2 squares (6x6 inches). Place apple  
in centre of each pastry square.  
Stuff centres with mixture of sugar,  
cinnamon and nuts. Bring corners  
of pastry over top of apple. Wet  
corners. Press together to seal.  
Place in baking pan. Bake in a  
moderate oven (375 degrees F.) for  
35 minutes. Yield: Two dumplings.

## Pineapple Upside-Down Cake

1 recipe family cake  
3 tablespoons butter or margar-  
ine, melted  
1/2 cup brown sugar, firmly  
packed  
12 half-sliced pineapple,  
drained  
Blend butter and brown sugar.  
Spread into pan (8x8x2). Arrange  
pineapple over sugar mixture. Pre-  
pare family cake batter as directed  
and pour over the pineapple. Bake  
in a moderate oven. Cool slightly.  
Invert on cake platter while still  
warm. Serve with whipped cream  
or pineapple juice sauce.

Baking temperature: 350 degrees  
F. Bake about 45 minutes.

## DISTRICT NEWS

### M.V.B.C. NEWS

(From Our Own Correspondent)

President Taylor and the quartet of young people who accompanied him on the deputation tour to Washington, held their first service in Moses Lake, Wash. on Sunday. They will hold other meetings in Yakima, Portland, Roy, Birch Bay, in Granger, Harwood, Wapato, Winfield, B.C. and Piler and in Idaho. They do not expect to return until June 1. Those accompanying him are Mr. and Mrs. Ormond Shierick, Arnold Dietz and Ray Stauffer.

The foundation for the new Student Centre has been dug, and now it remains for the weather to clear in order for the finishing of the foundation before the cement can be poured. Much of this work will be gratis, and we expect that men will be working there very soon.

Mrs. L. Suder was a weekend visitor in Calgary. She stayed with the Burgess family and also visited Mrs. Mary Walsh. She will be going to Edmonton before she attends the annual women's Missionary Society board meeting in Kitchener, Ontario.

The faculty had a successful meeting last Thursday, making arrangements for the coming year and revising the curriculum somewhat. Four years of work will be taught next winter, for there will be about ten students taking the Bachelor of Sacred Literature course. This adds considerable teaching and help will necessarily be required in the teaching schedule.

The wedding invitations for the Reimer-Goez wedding have been received by some of their friends here. Clifford Reimer and Erolia Goez, who graduated from the Prairie Bible Institute recently, will be married at the latter's home in Ponoka the beginning of the month. Clifford graduated with his Bible Diploma from this college. Both of them will be taking the fourth year here. They will live on the campus.

Sherrill Taylor had a birthday recently. She had a number of her little friends for a party in her home and several members of the faculty and Sherrill's teacher were present. She is now nine years of age.

Miss Shirley Shantz, who completed two years of work in the college has gone to Edmonton to work until she enters for nurse's training in the Royal Alex hospital this fall. She was one of the librarians this past winter and did a most commendable job as such.

Practically all of the students will be returning for further work this fall. About five will not return; two of them have taken all the work we offer and will be registered in Bethel College in Indiana in September. We have a splendid list of prospective students so that our registration may well be over fifty this fall.

### ANOTHER CHUCKLE

The nervous relatives were all gathered in the lawyer's office early, waiting for him to read Uncle Jasper's will.

The lawyer read: "Being of sound mind, I spent all my money."

### WEST NOTES

(From Our Own Correspondent)

The Elkton Willing Workers held their annual bingo, Friday evening in the school in aid of the community chest and the cancer fund. There was a good turn-out and \$57.00 was taken in. Mrs. Carl Russell held the lucky ticket on the quilt.

Mrs. H. Erickson and girls returned home this week, after spending three weeks visiting her sister in Seattle.

Mrs. J. Anderson and baby son of Calgary, spent a week with her parents Mr. and Mrs. H. Hoegood.

Mr. and Mrs. Arnold Hoeg and family spent Sunday with the latter's parents, west of Cremona.

Mr. and Mrs. D. Russell if Didsbury visited with Mr. and Mrs. H. Russell on Monday.

### CREMONA NEWS

(From Our Own Correspondent)

A correction is in order regarding the fellows who took Mr. I. Bergen to the hospital. It was Ken Umbach, not Earl Coombes, who along with Lionel Borton took Mr. Bergen in to Didsbury in Ken's car. Mr. Bergen is reported as doing well. Mrs. L. Borton is helping Mrs. Bergeson during Mr. Bergeson's absence.

There was considerable excitement in Cremona last Wednesday, when a mountain lion or cougar put in an appearance near the post office, even lying dead in the back of a truck he was a fierce looking animal. Dave Sirr shot the cougar with a 22 long on Tuesday April 2nd, west of Water Valley on the Sirr ranch. There were plenty of interested folks who gathered around the truck and many folk took pictures.

Mrs. J. Penner won the electric radio on the lucky number at the big sale at the N and J store Saturday evening, April 19th.

The W.A. sponsored a pot luck supper in the basement of the United church last Friday evening. A short program and a number of games rounded out the evening. Mrs. Gordon Reid was presented with a gift from the church in appreciation of her service as pianist and organizer of special music for Easter and Christmas services.

The bi-monthly meeting of the Sewing Circle was held at the home of Mrs. Franklin last Wednesday, April 23rd.

A banquet was held in the community hall by the Lions Club last Wednesday evening.

### LIGHT YOUR WAY . . .

### ... WITH BIBLE STUDY

The "Book of Books" has uncanny powers. It is the Word of God. It changes man. In the wake of the Bible we find miracles of grace. It is, as St. Paul states: "The power of God."

Darwin made two trips around the world. On the first trip he came to an island inhabited by cannibals. His crew was afraid to land. Twenty years later he came to the island again and he found the children going to school, the women clothed, and — wonder of wonders — the men at work.

What had happened in the meantime? Oh, nothing much — only this — that a missionary had come to the shores and brought a book with him. And all he did was read out of that book. The result? The savages were changed into gentle people. The book — "The Book of Books."

Yes, think of the Bible's influence on womanhood, childhood, labor; upon nations, upon individuals. The subject is almost un-hauntable. Draw a line around the civilized countries of the world and you will have drawn a line around those countries where the Bible is an open book.

Mr. Moody tells us of an infidel who lay dying. His friends gathered around him. They were afraid he was going to recant. They said: "Hold on to your principles, don't give them up now." The poor dying man turned to them and said: "What have I to hold on to?" He answered that, if you can. What has an infidel to hold on to?

Wilmet, the great infidel, put his hand on the Bible and said: "The only things against this book is a bad life."

Professor Morse, the great American inventor, wrote these words to his grandson, in 1886: "The nearer I approach to the end of my pilgrimage, the clearer is the evidence of divine origin of the Bible; the standard and sublimity of God's remedy for fallen man are more appreciated, and the future is illumined with hope and joy. . . I love to be studying the guide-book of the country to which I am going." Are you also studying this wonderful Book?

**Little Items of Local Interest**

Mr. Arden Deadrick has been transferred from the local hospital to the University hospital in Edmonton where he will receive further treatments.

Mr. and Mrs. Les LeGrand were Calgary visitors over the weekend.

Mr. and Mrs. R. Dawkins and son of Calgary, visited with Mr. and Mrs. A. R. Kendrick at the weekend.

Mr. and Mrs. Ken Landis and son visited the latter's parents, Mr. and Mrs. Gunderson of Edmonton, over the weekend.

Mr. and Mrs. J. Shannon were weekend visitors with the latter's sister and brother-in-law, Mr. and Mrs. A. R. Nicholson of Provost.

Mr. and Mrs. Tom Morris and Carl visited in Edmonton Saturday, where the latter left by plane for Toronto on a business and pleasure trip. He will be away about 10 days. Mr. and Mrs. Morris spent the weekend with their son Ken and family there.

**BIG COUGAR  
HITS THE DUST**

We have a fine story about a large cougar that was downed last week in the Water Valley area, by two district ranchers. We will have a picture of the big beast in our next issue, along with a few details as to how it met its death.

**Cremona Home & School  
To Hold Career Afternoon**

To acquaint high school students, parents and all interested persons with the professions and vocations available in the universities and institutes, the Cremona Home and School Association will sponsor a "Career Afternoon" on May 2nd, at 2 p.m., in the school auditorium.

There will be many prominent speakers on hand from all parts of the province, who will deal with university training, business college education, commercial opportunities, a general picture on the oil industry, trade training, land services, nursing recruitment and the teaching profession.

There will also be a spokesman from the University of Alberta who will give details on other specific occupations.

**Notes From D.A.**

By Howard J. Fulcher

Many trees are planted each year to serve as farmstead and field shelter belts, many more are planted as roadside plantings. In addition to this ornamental trees are planted singly or in groups about homes.

In the establishing of trees much time and effort is spent to prepare land as well as in the planting itself. It is very important then that these trees are not lost. The land about the tree should be kept cultivated. Grass and weeds will otherwise encroach on the trees and take the available moisture. Ground fires can get started in the dry grass in the spring and destroy the trees.

The ideal pattern would be to find a cover on the ground as you have in natural forest cover, this of course is permissible, however after the trees become well established this condition more or less develops.

With cultivation the first few years the young trees make rapid growth and as they fill in the rows being much larger, cultivation may cease. If there is serious erosion it may be necessary to seed grass to provide a protective land cover.

A shelter belt should be protected against livestock. In many cases this necessitates some fencing. Cattle trample over the young trees do immense damage and often cause the loss of the shelter belt.

If the trees are given care and well looked after for a few years they soon become firmly established and provide protection which is often required and in addition make a farmstead much more attractive.

**MOUNTAIN VIEW**

(From Our Own Correspondent)

Mr. and Mrs. John Hunter and grandson, Howie Miller, were weekend visitors at the home of Mr. and Mrs. Lawrence Hunter and family.

Mr. and Mrs. Ed Stiles were supper guests at the home of Mr. and Mrs. Basil Atkinson Sunday evening.

Mr. and Mrs. David Pratt and Norman were Calgary visitors on Tuesday; Norman had a checkup following his recent operation.

Mr. and Mrs. Neville Meyer of Red Deer visited relatives in the district over the weekend.

Get well wishes are extended to Mr. Win Snyder, who is a patient in the Didsbury hospital.

Mr. and Mrs. Charlie Snyder and family were Sunday dinner guests of Mr. and Mrs. Dale Fox and family of Acme.

**Coming Events**

—Girls' Clubs Achievement Day will be held at Lone Pine hall on Saturday, May 17th. Program will begin at 1:30 p.m. Tea will be served following the program. Everyone cordially invited.

—The annual Girl Guide cookie sale will take place on Saturday, May 2nd. We suggest you help the local Guides and Brownies by buying these cookies from the girls when they call at your door. The cookies will be good, and so are the girls.

—The May meeting of the Didsbury Carstairs 4-H Club will be held at the home of Mr. W. C. Spicer in Carstairs on Friday, May 9th.

—Eric Riedinger, optometrist, assistant to R. Roy McLean announces the date of his next visit as Monday, May 12th, morning only, at the Rosebud hotel. Consult in city office, 1014 Greyhound Bldg., Calgary. 17-36

**Westcott News**

(From Our Own Correspondent)

Mr. and Mrs. Albert Konaschuh had at their guests on Sunday their daughter Lorraine and family of Calgary.

Mrs. Cliff Murphy was hostess to a shower for Miss Ruby Dageford on Wednesday evening of last week.

Mr. Ken Card and son Kim, of Calgary, were visitors at the Herbert Goetjen home at the weekend.

Miss Malene Vipond of Calgary spent the weekend with her parents here.

Congratulations to the Westcott Jr. W.I. who finished second highest in points with their handicraft at the W.I. handicraft display on Saturday. Westcott Sr. W.I. finished in fifth place.

Mr. Delbert Larson is working at Carstairs for this season.

Mr. and Mrs. Roy Luft and family have moved to the Bode farm and we welcome them back to the country.
